---

**Borderline, you can hide, but you can't run away from yourself  
Borderline, you can hide, but you can't run away from yourself**

**Borderline, you can hide, but you can't run away from yourself  
Borderline, you can hide, but you can't run away from yourself**

**Think...just come with it, we'll see  
Soul...just come with it, we'll see**

**I've been dreaming about that day,  
just to grab you in my hand.  
And touching you in that way  
And on, and on, and on**

**I've been dreaming about that day,  
just to grab you in my hand  
And feeling you in that way  
And on, and on, and on**

**Think...just come with it,  
Soul...just come with it.**

**Borderline, you can hide, but you can't run away from yourself  
Borderline, you can hide, but you can't run away from yourself**

**Borderline, you can hide, but you can't run away from yourself  
Borderline, you can hide, but you can't run away from yourself**

**Think...just come with it,  
Soul...just come with it.**

**I've been dreaming about that day,  
just to grab you in my hand.  
And touching you in that way  
Keep it, and on, and on, and on**

**I've been dreaming about that day,  
just to grab you in my hand.  
And feeling you in that way  
Keep it, and on, and on, and on**

**Think...just come with it, we'll see  
Soul...just come with it, we'll see**
